

Memorandum

concerning the mutual collaboration in the fields of education and of scientific research between the Faculty of Mathematics and Physics of Charles University (Praha, Czech Republic) and the Faculty of Physics and Technics of the Sumy State University (Sumy, Ukraine).

The Faculty of Physics and Technics of the Sumy State University and the Faculty of Mathematics and Physics of Charles University express an intention to establish a collaboration in the fields of education and of scientific research. On the basis of this Memorandum both Faculties will develop direct contacts and collaboration between specialists and teachers of the corresponding Departments and scientific research groups.

The collaboration foresees:

1. Joint work in the field of scientific research.
2. Exchange of faculty members aiming at performing the scientific research of interest for both sides.
3. Exchange of students and post-graduate students for study under the conditions corresponding to the interior regulations of the respective side.
4. Exchange of monographs, scientific publications and of other scientific material of interest for both sides.

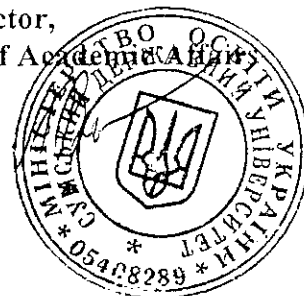

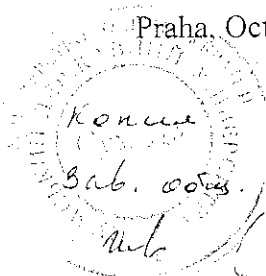

This Memorandum foresees the signing of a Collaboration Agreement accompanied by a specific and detailed Working Program, including themes of joint scientific work, exchange conditions and other relevant items as well as financial arrangements.
